

FREELANCE / INDEPENDENT CONTRACTOR AGREEMENT

UI/UX Design Services — AI-Powered Modular ERP Platform

Reunyte Services LLP

This Freelance / Independent Contractor Agreement ("Agreement") is made and entered into on the Effective Date set out below, by and between:

Effective Date: *[DD/MM/YYYY]*

Company: Reunyte Services LLP, a Limited Liability Partnership incorporated under the laws of India, having its registered office at *[Registered Office Address]* (hereinafter referred to as the "Company").

Contractor: *[Freelancer Full Name]*, an independent freelance UI/UX Designer, residing at *[Freelancer Address]*, holding PAN/ID *[PAN/ID Number]* (hereinafter referred to as the "Contractor" or "Designer").

The Company and the Contractor may each be referred to individually as a "Party" and collectively as the "Parties".

RECITALS

WHEREAS, the Company is developing an "AI-Powered Modular ERP Platform" and wishes to engage the Contractor, on an independent freelance basis, to provide UI/UX design services described in Annexure A ("Project");

WHEREAS, the Contractor has represented that they possess the requisite skill, experience, and resources to perform the Project;

AND WHEREAS, the Parties wish to record the complete terms of engagement — scope, payment, ownership of work product, confidentiality, and termination — in this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the Parties agree as follows:

1. Definitions

- (a) "Agreement" means this Freelance / Independent Contractor Agreement, including all Annexures attached hereto, as may be amended from time to time in writing.
- (b) "Confidential Information" has the meaning set out in Clause 9.
- (c) "Deliverables" means the specific design outputs listed in Annexure A (Scope of Work).
- (d) "Fees" means the amounts payable to the Contractor as set out in Clause 5 and Annexure B.
- (e) "Project" means the UI/UX design engagement described in Annexure A, as may be updated in writing by mutual agreement.
- (f) "Term" means the duration of this Agreement as set out in Clause 4.
- (g) "Work Product" means all designs, wireframes, mockups, prototypes, style guides, design systems, files, documentation, and other deliverables created, developed, or produced by the Contractor in the course of performing the Project, whether in draft or final form.

2. Scope of Work

The Company engages the Contractor to provide UI/UX design services for the Company's AI-Powered Modular ERP Platform — a modular ERP system covering Financial Management, Sales & CRM, Purchasing & Payables, Inventory & Warehouse, Supply Chain Planning, Manufacturing, HRMS, and an AI Business Intelligence & Automation layer. The detailed scope, modules, screens, and deliverables are set out in Annexure A (Scope of Work / Project Modules), which forms an integral part of this Agreement.

- (a) The Contractor shall perform the Project with due skill, care, and diligence consistent with professional UI/UX design standards, and in accordance with the Company's brief, design system, and feedback.
- (b) Any material change to the scope in Annexure A (addition/removal of modules or screens) shall be recorded as a written addendum signed by both Parties, and may result in a corresponding adjustment to Fees and timelines.
- (c) The Contractor shall provide design files in the format(s) reasonably requested by the Company (e.g., Figma, Adobe XD, Sketch) with organized layers, components, and a shared handoff specification for developers.

3. Revisions and Feedback

The Company may request reasonable revisions to any Deliverable to align with the brief and design system.

Included Revision Rounds: *[e.g., up to 2 (two) rounds of revisions per screen/module included in the Fees]*

Revisions beyond the included rounds, or arising from a change in scope, shall be chargeable separately at a rate to be mutually agreed in writing before such additional work commences.

4. Term

This Agreement shall commence on the Effective Date and continue until completion of the Project (as evidenced by final sign-off of all Deliverables in Annexure A), or until terminated earlier in accordance with Clause 13.

Estimated Duration: *[e.g., __ weeks/months] from the Effective Date, per the timelines in Annexure A*

5. Payment Terms and Schedule

- (a) In consideration of the Deliverables, the Company shall pay the Contractor the Fees set out below, against the milestones listed in Annexure B (Payment Schedule).

Total Fees: *[Amount / currency, or rate basis — fixed price / per-screen / hourly, as agreed]*

Payment Method: *[Bank transfer / UPI / other — account details to be shared separately]*

- (b) Each milestone payment shall become due within [7] days of the Company's written approval/sign-off of the corresponding Deliverable(s).
- (c) The Contractor shall raise an invoice for each milestone, and shall be solely responsible for any applicable taxes (including GST, if registered, and income tax) on the Fees received.
- (d) In case of delay in payment beyond [15] days of the due date (for reasons not attributable to the Contractor's own delay or non-delivery), the Company shall pay simple interest at []% per month on the overdue amount, unless otherwise agreed.
- (e) No Fees shall be payable for Deliverables rejected for material non-conformance with the brief, until such Deliverables are corrected and approved.

See Annexure B for the detailed milestone-wise payment schedule.

6. Independent Contractor Relationship

The Contractor is engaged as an independent contractor and not as an employee, agent, partner, or joint venturer of the Company. Nothing in this Agreement shall be construed to create an employer-employee relationship. The Contractor shall be solely responsible for their own taxes, statutory compliances (including GST registration, if applicable), insurance, equipment, and work location, and shall not be entitled to any employee benefits, provident fund, gratuity, or leave entitlements from the Company. The Contractor shall have the right to determine the manner and means of performing the Project, subject to the Company's brief, timelines, and quality requirements.

7. Intellectual Property Ownership

This is the most important clause for the Company — it ensures all design Work Product belongs to Reunyte Services LLP, not the Contractor.

- (a) All Work Product created by the Contractor specifically for the Company under this Agreement — including but not limited to wireframes, UI screens, prototypes, the design system, icons, illustrations, and design files — shall, upon creation, be deemed "work made for hire" to the fullest extent permitted by law.

- (b) To the extent any Work Product is not legally capable of being "work made for hire," the Contractor hereby irrevocably and unconditionally assigns to the Company, absolutely and free from all encumbrances, all right, title, and interest — including all copyright, design rights, and other intellectual property rights, whether presently existing or arising in the future, anywhere in the world — in and to such Work Product, effective automatically upon creation and in any event no later than full and final payment of the applicable Fees.
- (c) The Contractor shall not retain, license, resell, or reuse the Work Product (in whole or in part) for any other client or purpose, and shall not claim any ownership, royalty, or residual right in the Work Product after assignment.
- (d) The Contractor waives, to the extent permitted by applicable law, all moral rights in the Work Product in favour of the Company, including the right to be identified as author and the right to object to derogatory treatment of the work.
- (e) Pre-existing tools, generic UI components, personal design templates, fonts, or proprietary frameworks owned by the Contractor prior to the Project ("Pre-Existing Materials") shall remain the property of the Contractor. To the extent any Pre-Existing Materials are incorporated into the Work Product, the Contractor grants the Company a perpetual, irrevocable, royalty-free, worldwide licence to use, reproduce, and modify such materials solely as part of, and for the purposes of, the Work Product.
- (f) The Contractor shall, at the Company's request and at the Company's expense, promptly execute any documents and take any further action reasonably necessary to perfect, register, or enforce the Company's ownership of the Work Product.
- (g) Subject to the Company's prior written consent, and after public launch of the Project (or such earlier date as the Company may approve), the Contractor may reference the general, non-confidential nature of the engagement (e.g., "UI/UX design for an enterprise ERP platform") in their professional portfolio, without disclosing Confidential Information, screenshots of unreleased screens, or any Company branding without separate written approval.

8. Representations and Warranties

The Contractor represents and warrants that:

- The Work Product shall be original, shall not be copied from any third-party template or stock resource in a manner that infringes third-party rights, and shall not infringe upon the intellectual property or other rights of any third party
- The Contractor has full right and authority to enter into this Agreement, including the assignment in Clause 7, and to perform the Project

- The Contractor is not bound by any other agreement that would conflict with or restrict performance of this Agreement

9. Confidentiality

"Confidential Information" means any and all non-public, proprietary, or sensitive information disclosed by the Company to the Contractor, whether disclosed orally, in writing, electronically, visually, or by any other means, before or after the Effective Date, including but not limited to:

- The Company's Project Scope Document, system architecture, module functionality, and technology stack for the AI-Powered Modular ERP Platform
- Product concepts, unreleased features, screen designs, wireframes, and mockups, including the design system, navigation structure, and screen inventory in Annexure A
- Business logic and workflows such as procure-to-pay, order-to-cash, plan-to-produce, MRP/forecasting logic, and AI Copilot/automation behaviour
- Brand guidelines, business plans, pricing, financial information, and unpublished marketing material
- Source code, APIs, database structure, and technical architecture
- Client, vendor, and employee information the Contractor may become aware of during the Project
- The existence, contents, and terms of this Agreement and the Project itself

Exclusions

Confidential Information does not include information that the Contractor can demonstrate: is or becomes publicly available through no fault of the Contractor; was already lawfully known to the Contractor prior to disclosure; is independently developed without use of the Confidential Information; is lawfully received from a third party without breach of confidentiality; or is required to be disclosed by law, provided prior written notice is given to the Company where legally permissible.

Obligations

The Contractor agrees to:

- Hold all Confidential Information in strict confidence and not disclose it to any third party without the Company's prior written consent
- Use Confidential Information solely to perform the Project
- Not use the Company's name, brand, or Confidential Information in the Contractor's portfolio, case studies, or social media without prior written consent (see Clause 7(g))

- Apply reasonable security measures to protect Confidential Information, including on personal devices and cloud storage used for the Project
- Promptly notify the Company in writing upon becoming aware of any unauthorized access, use, or disclosure of Confidential Information
- Upon completion of the Project, termination of this Agreement, or the Company's written request, promptly return or permanently delete all Confidential Information and Confidential Materials in the Contractor's possession or control

These confidentiality obligations shall survive termination or expiry of this Agreement for a period of:

Survival Period: *[e.g., 3 (three) years] from the date of disclosure of the relevant Confidential Information*

10. Non-Compete and Non-Solicitation

Note: under Indian law (Section 27, Indian Contract Act, 1872), a blanket non-compete restricting an individual's ability to practice their profession after the engagement ends is generally unenforceable. A narrower, reasonable restriction limited to the Term and immediately connected to protecting Confidential Information/clients is more likely to be enforceable, though this remains untested for many freelance arrangements. Consider this clause a deterrent and good-faith commitment rather than a guaranteed legal remedy.

- (a) During the Term, the Contractor shall not undertake any design engagement that the Contractor knows to directly compete with the Project for a business offering a substantially similar modular AI-ERP product, without the Company's prior written consent.
- (b) During the Term and for a period of [6 (six)] months thereafter, the Contractor shall not directly solicit for competing engagements any client, customer, or vendor of the Company that the Contractor became aware of or interacted with solely as a result of this Agreement.
- (c) Nothing in this Clause shall restrict the Contractor's general right to practice their profession, take on unrelated freelance clients, or use generic skills and know-how gained during the Project (as opposed to the Company's Confidential Information).

11. Indemnification

The Contractor shall indemnify and hold harmless the Company, its partners, officers, and employees from and against any claims, damages, losses, liabilities, and expenses (including reasonable legal fees) arising out of or in connection with: (i) any breach of this Agreement by the Contractor; (ii) any unauthorized use or disclosure of Confidential Information; or (iii) any claim that the Work Product infringes the intellectual property or other rights of a third party, save to the extent such claim arises from materials, templates, or instructions provided by the Company.

12. Limitation of Liability

Except in cases of breach of confidentiality, breach of the IP assignment in Clause 7, gross negligence, or willful misconduct, neither Party's aggregate liability under this Agreement shall exceed the total Fees paid or payable under this Agreement, and neither Party shall be liable for any indirect, incidental, special, or consequential damages.

13. Termination

- (a) Either Party may terminate this Agreement for convenience by providing [7 (seven)] days' prior written notice to the other Party.
- (b) Either Party may terminate this Agreement with immediate effect upon written notice if the other Party commits a material breach of this Agreement that remains uncured for [7 (seven)] days after written notice of such breach.
- (c) The Company may terminate this Agreement with immediate effect if the Contractor fails to meet agreed milestones/timelines in Annexure A without reasonable cause, subject to a prior written cure notice of [3 (three)] days.
- (d) Upon termination for any reason, the Contractor shall promptly: (i) deliver to the Company all Work Product and work-in-progress files completed up to the date of termination; (ii) return or destroy all Confidential Materials per Clause 9; and (iii) the Company shall pay the Contractor Fees for Deliverables satisfactorily completed and accepted up to the effective date of termination, on a pro-rata basis for any partially completed milestone, as reasonably determined by the Parties.
- (e) Clauses 7 (IP Ownership), 9 (Confidentiality), 10 (Non-Compete, for its stated duration), 11 (Indemnification), 12 (Limitation of Liability), 16 (Dispute Resolution), and 17 (Governing Law) shall survive termination or expiry of this Agreement.

14. Force Majeure

Neither Party shall be liable for any failure or delay in performance (other than payment obligations already due) due to causes beyond its reasonable control, including natural disasters, acts of government, internet or power outages, illness, or other events of force majeure, provided the affected Party promptly notifies the other and uses reasonable efforts to resume performance.

15. Notices

Any notice required under this Agreement shall be in writing and shall be deemed duly given when delivered by hand, email (with acknowledgment of receipt), or registered post to the address of the respective Party set out above, or such other address as a Party may notify in writing.

16. Dispute Resolution

- (a) The Parties shall first attempt to resolve any dispute arising out of or in connection with this Agreement amicably through good-faith negotiation within [15] days of written notice of the dispute.
- (b) If the dispute is not resolved amicably, it shall be referred to and finally resolved by arbitration under the Arbitration and Conciliation Act, 1996, by a sole arbitrator mutually appointed by the Parties. The seat and venue of arbitration shall be [City, e.g., Pune], and the language of arbitration shall be English.
- (c) Nothing in this Clause shall prevent either Party from seeking urgent interim or injunctive relief (including for breach of Clauses 7 or 9) from a court of competent jurisdiction.

17. Governing Law and Jurisdiction

This Agreement shall be governed by and construed in accordance with the laws of India, without regard to conflict of law principles.

Jurisdiction (City): *[e.g., Pune] — courts of exclusive jurisdiction, subject to Clause 16*

18. Assignment

The Contractor shall not assign, subcontract, or transfer any rights or obligations under this Agreement without the Company's prior written consent. The Company may assign this Agreement to an affiliate or successor entity in connection with a merger, acquisition, or sale of substantially all its assets.

19. Severability

If any provision of this Agreement is held to be invalid or unenforceable (including, without limitation, any part of Clause 10), the remaining provisions shall continue in full force and effect, and the invalid provision shall be modified to the minimum extent necessary to make it enforceable.

20. Entire Agreement and Amendment

This Agreement, together with its Annexures, constitutes the entire understanding between the Parties with respect to its subject matter and supersedes all prior discussions, negotiations, and agreements, whether written or oral, including any separate non-disclosure agreement executed for the same Project. No amendment shall be effective unless made in writing and signed by authorized representatives of both Parties.

21. Waiver

No failure or delay by either Party in exercising any right under this Agreement shall operate as a waiver of such right, nor shall any single or partial exercise of any right preclude any other or further exercise of that right.

22. Counterparts

This Agreement may be executed in counterparts, including by electronic or digital signature, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the Effective Date first written above.

ANNEXURE A

Scope of Work — UI/UX Design for the AI-Powered Modular ERP Platform

This Annexure sets out the UI/UX design scope for the AI-Powered Modular ERP Platform engagement referred to in Clause 2, based on the Company's Project Scope Document (v1.0, dated 24 August 2026). The Parties may update this Annexure in writing by mutual consent as the Project progresses.

Project Name: *AI-Powered Modular ERP Platform*

No.	Module	Scope / Deliverables	Timeline
A. Foundation			
1	UI/UX Design System	Colour system, typography scale, core component library, iconography, comfortable/compact density modes, accessibility (WCAG contrast + status pairing)	[__ days]
2	Navigation & Information Architecture	Left-navigation structure across all 10 top-level areas (Dashboard, Finance, Sales & CRM, Purchasing, Inventory, Supply Chain, Manufacturing, HRMS, Intelligence/AI-BI, Administration)	[__ days]
B. Priority Screens — Phase 1 (25 screens)			
3	Core Screens	Login, Company Selection, Main Dashboard, Global Search, Notification Centre	[__ days]
4	Finance Module Screens	Finance Dashboard, General Ledger, AP Dashboard, AR Dashboard, Bank Reconciliation	[__ days]
5	Sales & CRM Screens	CRM Pipeline (kanban), Customer 360°, Quotation, Sales Order	[__ days]
6	Purchasing Screens	Purchase Dashboard, Vendor 360°, RFQ Comparison, Purchase Order	[__ days]
7	Inventory Screens	Inventory Dashboard, Warehouse / Bin View, Stock Movement	[__ days]
8	Manufacturing Screens	Manufacturing Dashboard, BOM, Production Order, capacity bars	[__ days]
9	AI / Intelligence Dashboard	AI Copilot conversational UI, Insights, Forecasting, Anomaly/Alert Centre	[__ days]
C. Reusable Patterns & Role-Based Dashboards			
10	"360° View" Template	Reusable profile-page pattern applied to Customer, Vendor, Employee, Item, Machine	[__ days]
11	Role-Based Dashboards	6 dashboard variants — CEO, CFO, Purchase Manager, Warehouse Manager, Production Manager, HR Manager	[__ days]
D. Phase 2 (subsequent design sprint)			
12	HRMS, Supply Chain & Payroll Screens	Employee lifecycle, Demand Forecast / MRP dashboards, Payroll & Performance, mobile/PWA adaptation	[__ days]

Notes:

- Timelines are indicative and subject to mutual agreement; Fees and the payment schedule are set out in Annexure B.
- Any module added, removed, or materially changed after the Effective Date shall be recorded as a written addendum to this Annexure.
- All modules and deliverables listed above constitute "Work Product" and "Confidential Information" under this Agreement.

ANNEXURE B

Payment Schedule / Milestones

Total Fees: *[Amount / currency, or rate basis]*

Currency & Mode of Payment: *[e.g., INR via bank transfer]*

No.	Milestone	Linked Deliverable(s)	Payment %	Due Date
1	Advance / Kick-off	Signing of Agreement	[] %	[]
2	Design System + Core Screens Approved	Row 1–3, Annexure A	[] %	[]
3	Phase 1 Priority Screens (25) Delivered	Row 3–9, Annexure A	[] %	[]
4	Reusable Patterns & Dashboards Delivered	Row 10–11, Annexure A	[] %	[]
5	Final Handoff & Sign-off	All Phase 1 deliverables, developer handoff files	[] %	[]

Notes:

- Payment percentages and due dates above are indicative and to be finalized by the Parties before signing.
- Milestone payments are due within the period stated in Clause 5(b), following the Company's written approval of the corresponding Deliverable(s).
- Any additional/out-of-scope work (see Clause 3) shall be invoiced separately upon written agreement.

ANNEXURE C

Individual Confidentiality Undertaking

I, the undersigned, being the freelance UI/UX Designer engaged by Reunyte Services LLP under this Agreement, personally acknowledge and undertake that:

- I have read and understood the terms of this Freelance / Independent Contractor Agreement in full, including the Confidentiality (Clause 9) and Intellectual Property (Clause 7) provisions
- I shall keep all Confidential Information shared by Reunyte Services LLP strictly confidential during and after the Project
- I shall not share project files, screens, brand assets, or business information with any third party, including on portfolio websites or social media, without prior written consent
- I understand and agree that all design deliverables created for this Project belong to Reunyte Services LLP as set out in Clause 7
- I shall immediately report any accidental disclosure or data breach to Reunyte Services LLP
